How to build a business case

A sound business case is a foundation to effective investment decisions. It is crucial for making the right investment decisions. As the pressure on local authority finances continues the role of major investment and transformation decisions will become more critical to delivering a sustainable future. Robust business cases are vital to ensuring that investment choices have the best chance of delivering success.

Through KPMG's work with over 100 public sector bodies we have produced a practical guide to preparing robust and proportionate business cases to support both routine and strategic investment decisions.

The report covers:

- The role of the business case
- How to achieve consistent quality
- Getting the balance right in the content of the business case
- Achieving objectivity
- The business case framework
- A guide to local government business cases, including the requirements for good business cases, split into 11 elements.

PSAA's consultation on 2018-19 scale of fees for opted-in bodies

Level of impact: ● (For information)

Public Sector Audit Appointments (PSAA) has published its consultation on the 2018-19 scale of fees for principal local government and police bodies that have opted into the appointing person arrangements.

The consultation is available on the PSAA website at: <https://www.psaa.co.uk/audit-fees/201819-work-programme-and-scales-of-fees/>

The consultation proposes that scale audit fees for 2018-19 should reduce by 23 per cent, compared to the fees applicable for 2017-18. More details on the proposals are set out in the consultation document.

Proposed 2018-19 scale fees for individual opted-in bodies, based on the 23 per cent reduction, are listed on the website and are accessible through the following links:

Investigation into the governance of Greater Cambridge Greater Peterborough Local Enterprise Partnership

Level of impact: ● (For information)

The NAO has conducted an investigation into the governance of Greater Cambridge Greater Peterborough Local Enterprise Partnership. The investigation was prompted by concerns raised about the Partnership.

The role of Local Enterprise Partnerships (LEPs) continues to grow, and it may be noted that government has given LEPs a key role in the recently published Industrial Strategy to lead the development of Local Industrial Strategies.

Information on the UK's Industrial Strategy can be found at the following link: <https://www.gov.uk/government/topical-events/the-uks-industrial-strategy>

The Department for Communities and Local Government (DCLG) carried out a national review of LEP governance and transparency. The review made a number of recommendations for improvement.

The review, published on 26 October 2017, with the aim of providing sufficient assurance to the Accounting Officer's and ministers that LEPs fully implement existing requirements for appropriate governance and transparency.

PSAA's report on the results of auditors' work 2016-17

Level of impact: ● (For information)

Public Sector Audit Appointments Ltd (PSAA) published its Report on the results of auditors' work 2016/17: Local government bodies on Tuesday 19th December.

This is the third report on the results of auditors' work at local government bodies published by PSAA. It summarises the results of auditors' work at 497 principal bodies and 9,752 small bodies for 2016-17. The report covers the timeliness and quality of financial reporting, auditors' local value for money arrangements work, and the extent to which auditors used their statutory reporting powers.

The timeliness and quality of financial reporting for 2016-17, as reported by auditors, remained broadly consistent with the previous year for both principal and small bodies.

Compared with 2015-16, the number of principal bodies receiving an unqualified audit opinion by 31 July showed an encouraging increase. 83 principal bodies (17 per cent) received an unqualified opinion on the accounts by the end of July compared with 49 (10 per cent) for 2015-16. These bodies appear to be well positioned to meet the earlier statutory accounts publication timetable that will apply for 2017-18 accounts.

Less positively, the proportion of principal bodies where the auditor was unable to issue the opinion by 30 September increased compared to 2015-16. Auditors at 92 per cent of councils (331 out of 357) were able to issue the opinion on the accounts by 30 September 2017, compared to 96 per cent for the previous year. This is a disappointing development in the context of the challenging new timetable. All police bodies, 29 out of 30 fire and rescue authorities and all other local government bodies received their audit opinions by 30 September 2017.

For the fourth year in a row there have been no qualified opinions on the accounts issued to date to principal bodies. The number of qualified conclusions on value for money arrangements has remained relatively constant at 7 per cent (30 councils, 2 fire and rescue authorities and 1 other local government body) compared to 8 per cent for 2015-16.

The complete report is available publicly on the PSAA website: <https://www.psaas.co.uk/audit-quality/reports-on-the-results-of-auditors-work/>
