

Humberside Fire Authority**ANNUAL GOVERNANCE STATEMENT 2013/14****Scope of Responsibility**

1. The Humberside Fire Authority (HFA) is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. The HFA also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.
2. In discharging this overall responsibility, the HFA is responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions and which includes arrangements for the management of risk.
3. The HFA has approved and adopted a code of corporate governance, which is consistent with the principles of the CIPFA/SOLACE Framework Delivering Good Governance in Local Government. A copy of the code is on our website at www.humbersidefire.gov.uk or can be obtained from the Secretary to the Fire Authority.
4. This statement explains how the HFA has complied with the code and also meets the requirements of regulation 4(2) of the Accounts and Audit Regulations 2003 as amended by the Accounts and Audit (Amendment) (England) Regulations 2006 in relation to the publication of a statement on internal control and again amended in 2011.

The purpose of the governance framework

5. The governance framework comprises the systems and processes, and culture and values, by which the HFA is directed and controlled and its activities through which it accounts to, engages with and leads the community. It enables the HFA to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost-effective services.
6. The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the HFA's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.
7. The governance framework has been in place at the HFA for the year ended 31 March 2014 and up to the date of approval of the Annual Performance Report and [Statement of Accounts](#).

The Governance Framework 2013/14

8. The key elements of the HFA's governance framework in respect to 2013/14 included:

- (gg) An annual [Customer Service Excellence Audit](#), conducted in January each year
- (hh) [Annual Performance](#) and Quarterly Performance Reports.

Review of Effectiveness

9. The HFA has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by the work of the executive managers within the Authority who have responsibility for the development and maintenance of the governance environment, the head of internal audit's annual report, and also by comments made by the external auditors and other review agencies and inspectorates.
10. The HFA reviewed the effectiveness of the GAS Committee and its membership in March 2014.
11. During 2013/14 there were four editions of the Strategic Risk Register established by the Corporate Management Team.
12. The Governance, Audit and Scrutiny Committee throughout 2013/14 received reports from Internal Audit in respect to the internal control environment. The internal audit plan is informed significantly by the Strategic Risk Register.
13. The induction and training of new Members during 2013/14 has further enabled Members to discharge the functions of the HFA.
14. From the AGM on 24 May 2013 to the end of the 2013/14 cycle, the [HFA Committees](#) met as follows:-

HFA	9 occasions
HFA Special Meetings	2 occasions
Appointments Committee	2 occasions
Governance Audit and Scrutiny	8 occasions

15. Members of the Governance, Audit and Scrutiny Committee received Management Accounts for review.
16. The review of the effectiveness of the system of internal control is informed by:
 - The work of Senior Officers
 - The work of Internal Audit
 - The Corporate Risk Opportunity Management Strategy
 - Performance information
 - The Audit Commission in their Annual Governance Letter and other reports
17. Internal Audit has undertaken a number of reviews during 2013/14. The following areas were covered:
 - Key Financial Systems
Payroll
Creditor Payments
Budgetary Control
General Ledger
Treasury Management
 - Operational/ Support Systems
Pensions
Station review – Financial Management
ICT backup and recovery

- Strategic Reviews
Operational Efficiency Review
Collaboration and Commissioning
Governance Structures

18. The effectiveness of the governance framework is considered throughout the year by the Corporate Management Team, the Governance, Audit and Scrutiny Committee and the Fire Authority. Much of this is discharged through internal reports such as the monthly Management Accounts and the quarterly performance reports as well as the work of internal and external audit. Any significant issues are captured via the risk management system and considered by the Fire Authority where appropriate.
19. We have been advised on the implications of the result of the review of the effectiveness of the governance framework by the Corporate Management Team and the Governance, Audit and Scrutiny Committee, and that the arrangements continue to be regarded as fit for purpose in accordance with the governance framework. The areas to be specifically addressed with new actions planned are outlined below.

Significant Governance Issues 2013/14

20. Revised terms of reference for the Governance, Audit and Scrutiny Committee will be considered at the April 2014 Fire Authority meeting. The important audit and governance roles will continue with a change in the focus of the scrutiny role. This could for example entail the Committee agreeing a programme for the year with the Corporate Management Team and the Fire Authority of two or three areas that will be reviewed and scrutinised in depth. This possible arrangement will be discussed by the Fire Authority in April and, subject to approval, will then again be reviewed at the end of 2014/15.
21. We propose over the coming year to take steps to address the above matters to further enhance our governance arrangements. We are satisfied that these steps will address the need for improvements that were identified in our review of effectiveness and will monitor their implementation and operation as part of our next annual review.

Conclusions

22. This Annual Governance Statement for 2013/14 provides Members with a high level of assurance on the Authority's governance arrangements.
