

## TREASURY MANAGEMENT MID-YEAR UPDATE REPORT 2018/19

### SUMMARY

1. This report provides an update on the Authority’s treasury management activities for the first half of the financial year 2018/19.

### RECOMMENDATIONS

2. That Members consider the treasury management activities undertaken during the first half of 2018/19 and the Prudential Indicators as outlined in paragraphs 15 and 16 and detailed in Appendix 1.

### BACKGROUND

3. Treasury Management, as defined by the Chartered Institute of Public Finance and Accountancy (CIPFA) Code of Practice 2009 is:

“The management of the organisation’s investments and cash-flows, its banking, money market and capital market transactions, the effective control of the risks associated with those activities and the pursuit of the optimum performance consistent with those risks.”

4. The Authority on 16 March 2018 approved the annual Treasury Management Policy Statement and agreed a range of Prudential Indicators aimed at ensuring effective treasury management and affordability of capital plans.
5. This report ensures compliance with recommended practice as outlined in the Code, by providing Members with an update on treasury management undertaken since the beginning of the financial year and highlighting key Prudential Indicator information.

### INVESTMENT ACTIVITY

6. The Authority’s temporary investments totalled £13.0m as at 30 September 2018, with a further £17k in the Authority’s Special Interest Bearing Account (SIBA).

Table 1 – Investment income earned April to September 2018

Interest Earned April to September 2018	Rate of return April to September 2018	Benchmark return at 30 September 2018*	Difference (Favourable) April to September 2018
£21k	0.46%	0.44%	(0.02%)

\* Benchmark set as 7 day compounded LIBID

7. The Authority's rate of return is in line with the benchmark return provided by Link Asset Services.

## BORROWING

### Short-Term Borrowing

8. The Authority has not taken any short-term borrowing in the first six months of the year. The Authority is unlikely to undertake short-term borrowing in the second half of the financial year.

### Long-Term Borrowing

9. Long-term loans are taken out either to replace existing loans which have matured or to fund capital expenditure. Under the Prudential Regime there are no longer centrally imposed limits on borrowing, but individual Authorities are required to determine themselves what is a sustainable and affordable level of borrowing as an integral part of their Medium-Term Financial Planning processes.
10. The Authority's level of borrowing was £13.9m as at 30 September 2018, with an equated average rate of interest payable at 4.43%. An expected £630k of interest is projected to be payable on external debt for 2018/19.
11. The Authority has not undertaken any new long-term borrowing so far this financial year but this position will be reviewed in the second half of the financial year against the backdrop of interest rate changes and projections.
12. Limited opportunities for rescheduling of debt in order to secure savings in interest have been available given the prevailing market climate, thus no re-scheduling has been undertaken during the course of the financial year to date. The Authority continues to monitor the market in conjunction with its treasury management advisors with a view to capitalising on opportunities should they arise during the remainder of the year.

## PRUDENTIAL INDICATORS

13. Appendix 1 details the Prudential Indicators agreed by Members at the Fire Authority on 16 March 2018 and shows for comparison the actual figures as at 30 September 2018.
14. During the period April to September 2018, the Authority operated wholly within the limits approved.

### Capital Expenditure

15. The S.151 Officer considers the current capital programme to be affordable and sustainable with the revenue effects of capital investment built into the Medium-Term Financial Plan. Through the Medium-Term Financial Planning Process the Authority has ensured alignment of its capital resources to key strategic priorities.

### Treasury Management

16. External debt is currently £14.1m below the agreed authorised limit for 2018/19 and the maturity structure for both borrowing and investments remain within the approved upper and lower limits. Subsequent borrowing or re-scheduling will take in to account prevailing interest rates on offer from the Public Works Loans Board, the current maturity structure of loans, balanced with the need to reduce capital risk by maintaining prudently low levels of cash-balances.

## STRATEGIC PLAN COMPATIBILITY

17. Treasury management is an integral part of the financial management of the Authority. Utilising approved borrowing and investment strategies will maximise investment income whilst minimising exposure to liquidity and market risks.

## FINANCIAL/RESOURCES/VALUE FOR MONEY IMPLICATIONS

18. The Authority's approach to investment of surplus funds is designed to further mitigate against potential losses as a consequence of counterparty failure and reflects a prudent approach to treasury management activity.

## LEGAL IMPLICATIONS

19. The Authority must comply with the requirements of the CIPFA Code of Practice on Treasury Management and the Local Authorities (Capital Finance and Accounting) (England) (Amendment) Regulations 2008. This report ensures such compliance.

## EQUALITY IMPACT ASSESSMENT/HR IMPLICATIONS

20. No direct issues arise from this report.

## CORPORATE RISK MANAGEMENT IMPLICATIONS

21. The application of and regular monitoring thereafter of a prudent Treasury Management Policy and related Prudential Indicators ensures that the Authority effectively manages financial risks such as exposure to interest rate changes, liquidity and market risk whilst minimising borrowing costs and maximising investment income. As an integral part of the financial planning process, it ensures that the financial plans upon which the Authority's Strategic Plan is based are effective and robust.

## HEALTH AND SAFETY IMPLICATIONS

22. No issues arising.

## COMMUNICATIONS ACTIONS ARISING

23. No direct issues arising.

## DETAILS OF CONSULTATION

24. The Authority's current approved Treasury Management Strategy reflects guidance and market information supplied by the Authority's treasury management advisors.

## BACKGROUND PAPERS

25. 'Treasury Management and Capital Expenditure Prudential Indicators, Treasury Management Policy Statement 2018/19 and Minimum Revenue Provision for 2018/19' – Report to Fire Authority 16 March 2018.  
CIPFA Code of Practice on Treasury Management 2009  
CIPFA Treasury Management Guidance - March 2009

## RECOMMENDATIONS RESTATED

26. That Members consider the treasury management activities undertaken during the first half of 2018/19 and the Prudential Indicators as outlined in paragraphs 15 and 16 and detailed in Appendix 1.
