Key To Traffic Light System

The elements of the Traffic Light system being used in the report to highlight significant outturn variances / issues are as follows:-

1. **Status Column** - indicates, using a colour reference whether an issue is:-

Red Potentially detrimental to the finances of the Authority

Green In line with budget or potentially advantageous to the finances of the Authority.

2. **Direction Column** - this indicates the relative movement in the projected outturn position compared to the previous month as follows:-

Red A detrimental change.

Amber No change.

Green An advantageous change.

Possible Combinations

		Status	
		Red	Green
D I R E C T I O N	Red	✓	✓
	Amber	✓	✓
	Green	✓	✓

The combinations shaded are those that give the most concern from a financial perspective i.e. Status = Red and Direction = Red, Amber or Green.

HUMBERSIDE FIRE & RESCUE SERVICE
COMMENTARY ON THE MANAGEMENT ACCOUNTS
For the period 1 April 2013 to 28 February 2014

The following statements represent a summary of the financial activity of the Service for the period stated above.

Each statement is accompanied with notes, referenced to specific lines on that statement where significant variances have been forecasted or where further explanation of information shown is necessary.

Revenue Statements

These statements show the actual and committed revenue expenditure, in summary subjective heading format (Table 1) and broken down by objective headings (Table 2), as at 28 February 2014 compared to the profiled 2013/14 budget for the same period. The report also shows the forecasted outturn for the full year based on current levels of income and expenditure and any known variations to the end of the financial year.

	-	-	(2,168)	(5,317)	(1,485)	(1,485)				

Notes

1. This projected underspend is due to a reduction in the number of supernumeraries following retirements and secondments.
2. This projected underspend is due to lower activity levels than anticipated.
3. This projected underspend is due to a number of vacant posts.
4. This is due to additional costs incurred by using agency staff to cover support vacancies.
5. Business rate charges for 2013/14 are slightly lower than anticipated.
6. This projected underspend relates to various transport costs including officer travel and maintenance of vehicles which is offset by a slight increase in vehicle insurance premiums.
7. This projected underspend is due to spending less on smoke alarms and subsistence which is offset by additional costs associated with the WAN.
8. Additional legal fees have created this projected overspend.
9. Additional income as a result of employees of the service currently seconded to the CIC and government departments.
10. This projected underspend on interest payable is due to having less external debt than anticipated.
11. This variance is due to more investment income than anticipated as a result of higher cash balances.

Capital Statement

This report shows the actual and committed capital expenditure as at 28 February 2014 compared with the adjusted profiled 2013/14 budget for the same period. This report also shows the forecasted outturn for the full year based on current levels of expenditure and any known variations to the end of the financial year.

	2,879	11,306	5,195	3,750	4,542	(6,764)	(59.83)			

Notes

1. Replacement of boilers is projected to cost less than originally anticipated.
2. The partnership with Humberside Police is unlikely to require a capital contribution from HFRS. Costs of the creation and running of the joint facility are likely to be charged as a revenue cost on an annual basis.
3. Clough Road will complete late summer 2014 and therefore some of the expenditure will be incurred in the 2014/15 financial year.
4. The works that will be carried out on the training infrastructure will not be completed during 2013/14.
5. The Command Unit will not be completed until 2014/15.
6. Not all vehicles will be delivered during 2013/14.
7. BA Cylinders will be purchased in 2013/14 and BA sets will be purchased in 2014/15.

Pensions Account Statement

The Authority had a revised budgeted deficit of £7.464m on this account for 2013/14. The deficit for the year is now projected to be £7.893m. This is a result of:

1. Commutations have been greater than originally anticipated.
2. There have been fewer transfers in and out of the Firefighters Pensions Scheme this year.
3. There have been slightly less pensions contributions paid into the Firefighters Pensions Scheme than anticipated.

The deficit on this account is financed through the Pensions Top-up Grant given by the CLG, of which 80% of the grant was received in July of this year. The Authority has to stand any cash flow losses until the balance of the grant is paid in full in July 2014.

Treasury Management**Borrowing & Lending Activity**

This statement shows the borrowing and lending activities undertaken by the Corporate Finance section of Hull City Council, on behalf of the Service, for the period 1 April 2013 to 28 February 2014 under the terms of the SLA. It also shows any variation between the actual interest received from the temporary investment of surplus monies and the budgeted interest.

Temporary Loans

		Investment £	From	To	%	Interest £
HFA 08	Hull City Council	1,000,000.00	20/12/2013	05/02/2014	0.26	334.79
HFA 09	Hull City Council	2,000,000.00	31/01/2014	19/02/2014	0.26	270.68

The total amount temporarily invested at 28 February 2014 is £25,550,000 which includes £4.86m invested on behalf of the East Coast and Hertfordshire Control Project.

The balance in the Authority's Liquidity Manager Account (LMA) bank account as at 28 February 2014 is £115,647.87. This account currently accrues interest at 0.10%.

Movement in Revenue Reserves

This statement shows the movements on the revenue reserves for the period 1 April 2013 to 28 February 2014.

This statement also gives a projected value of revenue reserves at 31 March 2014 based on the projections in Table 1.

Table 6

**HUMBERSIDE FIRE & RESCUE SERVICE
MOVEMENT IN REVENUE RESERVES
as at 28 February 2014**

	As at 1 April 2013 £'000	In Year Movements £'000	Projected Balance at 31 March 2014 £'000
General Reserve	5,461	1,090 *	6,551
Earmarked Reserves			
Insurance	500	-	500
Control	100	(100)	-
East Coast & Hertfordshire Control	1,659	(459)	1,200
Clough Road Rebuild	1,250	(1,250)	-
Water Rescue Equipment	100	(100)	-
BA Replacement	700	(186)	514
Change Management	2,500	(100)	2,400
Wide Area Network (WAN)	1,913	(163)	1,750
New Brough Station	1,229	(120)	1,109
Data and Intelligence Management	150	(150)	-
Lease Buy-Out	750	(100)	650
Central Fire Station	2,000	-	2,000
HFR Solutions	280	175	455
	18,592	(1,463)	17,129

*In year contribution to the General Reserve is based on the budgeted contribution to the reserve plus any estimated under/overspend as at 28th February 2014.

Balance Sheet

This statement represents a snapshot of the balances at the date of this report.

It assumes that a revenue surplus of £5,317k, shown for the period in Table 1, is transferred to the General Reserve and that all capital expenditure is charged to the asset accounts.

As at the date of the report no long term borrowing to finance capital expenditure has been undertaken.

Table 7

	28-Feb
	£'000
Property, Plant & Equipment	67,148
Intangible Assets	594
Long Term Assets	67,742
Inventories	320
Short Term Investments	25,550
Short Term Debtors	2,715
Cash and Cash Equivalents	238
Current Assets	28,823
Cash and Cash Equivalents (liability)	
Short Term Creditors	(6,503)
Short Term Borrowing	(1,422)
Current Liabilities	(7,925)
Long Term Borrowing	(17,689)
Other Long Term Liabilities	(989)
Long Term Liabilities	(18,678)
Net Assets	69,962
Usable Reserves	24,612
Unusable Reserves	45,350
Total Reserves	69,962

The balance sheet displayed excludes IAS19 Employee Benefits pension liabilities of £549m. These liabilities relate to pension benefits that have been earned by employees which will eventually be paid as pensions in the future.

Prudential Indicators

The Prudential Indicators of the Authority for 2013/14 were approved at the 15 March 2013 Fire Authority Meeting.

The statements below monitor the actual performance to 28 February 2014 against the approved indicators.

Indicator 1 - Estimated Capital Expenditure 2013/14

This table reflects the forecasted capital expenditure as recorded in Table 3 of this report.

	2012/13 Actual £m	2013/14 Estimate Original £m	2013/14 Estimate Revised £m	2014/15 Estimate £m	2015/16 Estimate £m
Total Capital expenditure	3.457	2.879	4.542	2.625	3.115

Indicator 2 – Estimated ratio of Capital Financing Costs to Net Revenue Stream

This indicator reflects the estimated proportion of the net budget which is required to meet capital financing costs.

	2012/13 Actual %	2013/14 Estimate Original %	2013/14 Estimate Revised %	2014/15 Estimate %	2015/16 Estimate %
Ratio of Capital Financing Costs to Net Revenue Stream	7.88	5.95	5.81	7.06	6.64

Indicator 3 – Estimated Capital Financing Requirement

This indicator measures the Authority's need to borrow for capital financing purposes.

	Actual 31/03/13 £m	31/03/14 Estimate Original £m	31/03/14 Estimate Revised £m	Estimate 31/03/15 £m	Estimate 31/03/16 £m
Capital Financing Requirement	17.720	24.698	16.718	23.902	24.687

Indicator 4 – Authorised Limit for External Debt

The Authorised Limit for External Debt reflects the Authority's projected long and short term borrowing requirements at any time together with any other long term liabilities it may have. It is based on a prudent (but not worst case) scenario, and contains sufficient head room over and above this level to allow for operational management, for example, usual cash flow movements. The indicator was set at £34.415 million for 2013/14.

As at the 28 February 2014, the Authorised Limit has not been approached at any point in the year to date and is not forecast to be approached during the remainder of the financial year.

Indicator 5 – Operational Boundary for External Debt

The Operational Boundary for External Debt is based on the same elements as the Authorised Limit (Indicator 4 above), but reflects directly the Director of Finance/S.151 Officer's estimate of the likely, prudent but not the worst case scenario without the additional headroom included in the Authorised Limit. This indicator therefore equates to the maximum external debt projected by this estimate and was set at £26.415 million for 2013/14.

As with the Authorised Limit, borrowing in the year to date has not exceeded the boundary and is not expected to exceed the boundary for the remainder of the financial year.

Indicator 6 – Fixed and Variable Rate Interest Exposure

This indicator seeks to ensure that the Authority limits its exposure to the risk of interest rate changes by restricting the proportion of variable rate borrowing within total borrowings. The approved limits for 2013/14 do not require amendment.

	As at 28/02/14	2013/14	2014/15	2015/16
	%	%	%	%
Fixed Rate – Upper Limit	100	100	100	100
Fixed Rate – Lower Limit	75	75	75	75
Variable Rate – Upper Limit	25	25	25	25
Variable Rate – Lower Limit	-	-	-	-

Indicator 7 – Upper and Lower Limits for the Maturity Structure of Borrowings

This indicator also seeks to ensure the Authority controls its exposure to the risk of interest rate fluctuations by limiting the proportion of debt maturing in any single period. The maturity structure of external debt is within the current approved upper and lower limits.

	Upper Limit %	% As at 28/02/14	Lower Limit %
Under 12 Months	10	6.15	-
12 months and within 24 months	10	11.01	-
24 months and within 5 years	25	13.52	-
5 years and within 10 years	60	28.12	-
10 years and above	80	41.20	-

The '12 months to 24 months' indicator is slightly over the level set but it is felt that this is not a cause for concern given that the Authority's maturity profile is very evenly distributed over the next 20 years and borrowing maturity for 0 to 24 months is 17.16% against a possible maximum of 20% (2 x 10%)

Indicator 8 – Upper Limit for the Maturity Structure of Investments

When the 2013/14 Prudential Indicators were established the Authority's cash flow strategy was that any investment of surplus funds would not exceed a period of more than 364 days duration. To date, effective cash flow management has duly reflected this strategy, and it is anticipated that any future investments in this financial year will also reflect this strategy.

Key Indicator of Prudence

Under the Prudential Code a key indicator of prudence is that "net external borrowing does not, except in the short term, exceed the total of the Capital Financing Requirement in the preceding year plus the estimates of additional Capital Financing Requirements for the current and the next two financial years". To date, this indicator has not been breached.

Budget Virements (transfer between lines) Processed

The following virement has been processed during February 2014 under delegations within the Fire Authority's constitution:

	£
Management & Support	
Supplies & Services	(25,837)
Accounting Adjustments	
Revenue Contributions to Capital	
Outlay	25,837
Funding for devices to assist mobile working	
<hr/>	

HFR Solutions

The financial performance of HFR Solutions in 2012/13 (actual) and 2013/14 (year-end projection) is as follows:-

	HFR Solutions surplus after corporation tax	HFRS costs charged to HFR Solutions (secondments, staff time, etc)	Total financial benefit of HFR Solutions to HFRS
	(£k)	(£k)	(£k)
2012/13 Actual (audited)	298	280	578
2013/14 Year-End Projection	150	400	550

A significant part of the costs charged to HFR Solutions have been secondment recharges which have supplemented the HFRS revenue budget for staff salaries at a time when the Service is carrying supernumerary operational staff.

The financial position of HFR Solutions will continue to be reported through to the Authority at regular intervals during the course of the financial year.
